

# I Am Small - S. Furster 2013

Sung by Stephanie, The Little Mouse from "Mice" by C. Robertson

## *Intro Instrumental verse*

I know the world's a big place.  
And I know that I am small.

I know it's complicated and I'll

And I'll never know it all.

I'll never know it all.

But I know I'm supposed to be here, there's  
No doubt there's a place for me  
I know I was created so that  
So that I could see  
That I could see

Might be just be a drop in the ocean and I  
May be just a grain of sand  
But I'm here against the odds and so  
And so I'll play my hand  
I'll play my hand

## **CH**

I've always wondered why it is  
The music makes me want to dance  
The light it makes me want to try  
It makes me want to take the chance

## *Instrumental verse*

They say I shouldn't feel it  
But I can feel the Earth is yearning and it  
It wants me to join the dance  
Like me I can feel it turning  
I can feel it turn

*(watch for extra rest here)*

I'll reach into the darkness and I'll  
I'll find my way to the light

Won't bet on a second chance and I'll  
I'll turn away, turn away the night  
I'll turn away the night

## **CH**

I've always wondered why it is  
The music makes me want to dance  
The light it makes me want to try  
It makes me want to take the chance

## **CH 2**

And as we play together, my  
friend, We'll find a way to get us  
through, And if you'll stay by me, to the  
end, There'll be nothing that we can't do.

I know the world's a big place.  
And I know that I am small.  
But I know I'm just the right size  
Not as far if I might fall  
I know it's complicated and I'll  
I'll never know it all  
Just glad to be created and I  
I don't need to know it all  
Don't need to know it all
