

**There's A Stream - The Opposite Song  
(Children's song)**

*S Furster. For Lacey and all the children*

There's a little bit of this  
Little bit of that  
Little bit of this and that  
Floating down the stream  
Drifting in your dream

And there's a little bit of good  
Little bit of bad  
Little bit of good and bad  
Floating down the stream  
Drifting in our dream

There's a little bit of big  
Little bit of small  
Little bit of big and small  
Floating down the stream  
Drifting in your dream

There's a little bit of work  
Little bit of play  
Little bit of work and play  
Floating down the stream  
Drifting in your dream

Oh well there's a stream  
You'll find it if you dare to dream  
Clear and clean  
It's waiting there to be seen  
In your dream

There's a little bit of light  
Little bit of dark  
Little bit of light and dark  
Floating down the stream  
Drifting in our dream

Well there's a little bit of yes  
Little bit of no  
Little bit of yes and no  
Floating down the stream  
Drifting in your dream

Well there's a stream  
You'll find it if you dare to dream  
Clear and clean  
It's waiting there to be seen  
In your dream

Well now we'll...

Find the stream  
We'll find it if we dare to dream  
Clear and clean  
It's waiting there to be seen  
In our dream  
It's waiting there to be seen  
In your dream
